CAPABILITIES STATEMENT

Red-Line, Inc. is a Native American-owned small business enterprise providing toll blending, custom chemical blending, and packaging services to a wide array of chemical developers, from multi-national corporations to entrepreneurs working from home. Due to decades of experience, we have the ability to help you manufacture your products quickly, cost-effectively, and with quality you can depend on. We are conveniently located just 20 minutes from Charlotte, NC, and have easy access to an international airport and seaport. Our services include:

- ◆ Toll Blending
- ◆ Pilot and Large-Scale Manufacturing
- ◆ Comprehensive Lab Analysis
- ◆ Packaging and Labeling
- ◆ Liquid and Slurry Capabilities

PAST PERFORMANCE

- Dow Chemical**
- ◆ Metalworking Fluids
 - ◆ Hydraulic Fluids
 - ◆ Quenchants
 - ◆ Compressor Lubricants
 - ◆ Hydrolube™
- Other Industry Partnerships**
- ◆ Surfactants
 - ◆ Rubber Additives
 - ◆ Textile Membranes

KEY DIFFERENTIATORS

- ◆ No minimum batch sizes
- ◆ 24 hour order turnaround
- ◆ Deionized water on site
- ◆ Completely customizable blending processes
- ◆ Personable and customer-focused Small Business Enterprise
- ◆ An emphasis on profitable long-term industry partnerships
- ◆ No products of our own—we will not compete with our customers
